TECHBUZZ HUB - UGANDA WINS BEST COWORKING SPACE AT GLOBAL STARTUP AWARDS TWO TIMES IN A ROW.

Istanbul - Turkey, TechBuzz Hub, a leading coworking space provider and startup incubator, has been awarded the title of Best Coworking Space at the Global Startup Awards 2024, held in Istanbul, Türkiye. This is the second time TechBuzz Hub has received a similar award recognizing its continued excellence in fostering innovation, entrepreneurship, and collaboration among startups and individuals globally. The previous award was received from Addis Ababa, Ethiopia as the Best Coworking space in Africa 2023. This year's edition attracted an unprecedented 36,000+ nominations from 120+ countries.

Founded in 2016, TechBuzz Hub has consistently offered affordable and flexible coworking spaces, with memberships starting from as low as \$7 dollars per month. In addition to its workspace offerings, TechBuzz Hub provides comprehensive services such as capacity building and training, mentorship and coaching and startup incubation. Over the past eight years, it has supported more than 12,000 entrepreneurs and individuals, contributing significantly to the growth of the Ugandan startup ecosystem.

"On behalf of the TechBuzz Hub team, I am deeply honored to thank everyone who voted for us and believed in our mission," said Keneth Twesigye, CEO and Founder of TechBuzz Hub. "Receiving this award for Best Coworking Space is truly humbling."

Twesigye also expressed gratitude to the Global Startup Awards and the entrepreneurs who make the hub thrive. "This recognition inspires us to continue elevating the coworking experience and empowering innovators. Coworking is about creating spaces where ideas grow, businesses thrive, and people connect."

TechBuzz Hub is also a co-founding member of Startup Uganda and is recognized as a Center of Excellence for innovation and startups. The hub collaborates with over 10 public, private, and academic partners, enabling entrepreneurs to access a wide range of resources, including tailored business support, expert mentorship and coaching, and networking opportunities.

This two-year winning streak solidifies TechBuzz Hub's role as a leader in the coworking space and startup ecosystem, empowering entrepreneurs and fostering collaboration to drive sustainable growth.

About TechBuzz Hub

TechBuzz Hub is a coworking space and an innovation hub dedicated to providing affordable and flexible solutions for entrepreneurs and startup businesses. It offers a wide range of services including mentorship and coaching, capacity building and training and startup incubation. Having supported over 12,000 entrepreneurs, TechBuzz Hub is also a co-founding member of Startup Uganda and an active member of AfriLabs. She also collaborates with more than 10 public, private, academic and development partners to drive innovation and entrepreneurship.

About Global Startup Awards

The Global Startup Awards (GSA) is the largest independent competition within the global startup ecosystem. Leveraging its comprehensive competition framework and global events, GSA runs programs worldwide.

Headquartered in Copenhagen, the organization is currently active in over 120 countries across three continents, divided into 12 regions, and continues to expand rapidly.
